

ENERGY CONSERVATION

Dr. Chua Kein Huat
LKC FES
Date: 7 FEB 2018

The ice in the arctic is melting, and the polar bears' habitat is shrinking.

What can WE do to stop
global warming?

Turn off lights and computer monitor when not in use

If you need to go out for more than 5 minutes, please turn off the lights and monitor.

Don't set the air-con temperature at lower than 24°C

1°C

= 10%

Turn off Air-con when you are not using it.

TOGETHER WE
CAN SAVE OUR
WORLD !!!
